When you heart is in rhythm, you are in coherence. It opens up the QUANTUM FIELD and magnetically attracts your desires and longings

Knowing how the brain and the heart functions together is exciting.

***FEELINGS are the MAGNETIC CHARGE in the QUANTUM FIELD
Joy is when your attachment to things is no longer what is most important.
Joy is when you let go of your need to have others be a certain way to make you happy and loved.

Emotional Intelligence

Find a place of love for themselves
Give up your Stories of the past. Tell the stories of your future instead of dwelling on the past.
We don't need to heal "the inner child" Just overcome the emotion. Moments as knowing the child as an adult, whatever emotions are charged up from being connected to the past…you become free when

There is no opposite of love. It is a centering magnet. There is no polarity around love. We came from pure love from oneness. There is MORE.
There is one God, but many meaning from that God. we are so separated in our thoughts. But no one can ever separate us from The LOVE OF GOD.

One mind. External things separate us.
We progra our minds to react. We can choose to become more independent with our emotions.

Learn how to deal with the emotions.
Romance your future, more than romancing your past.
It's easier to forget, than to remember it.

Just take 2 weeks and apply this romancing the future! See all the good that happens. If you love something at dinner, you want others to taste.

The Magnetic Love Community full of love and gratitude! A community of people wanting to love on each other, shine on each other, caring and respecting each other.
10-20 min. Of gratitude a day, Emotional signature of gratitude is the ultimate state of receivership! Your body as an unconscious mind believes it is already happening to you. You will already be receiving this vibration of love as you are coming from gratitude.

Teach LOVE from the quantum field instead of matter. You create from the sourCE and draw it to you.

Takes time and energy. You can get what you want, it just takes longer. No fighting, working hard. Saving..work more. Fight for it.
YOu've got to get to the QF
Learning the formula to get to the quantum field

Go from old self to new self in one week

32 people measuring brains before and after the event. Wearing heart rate monitors to monitor variability.

Cells healthy or state of breakdown. Drew blood. Subjected blood to variations of different things.
Sr. researcher called Dr. Joe with amazing data.

Went fromv ery sick in one week to a huge favorable change.

Epigenetic changes in twins. Environmental impact on genes.
Looking a this guys. Tremendous heart measurements.
Amplitude of energy in his heart was profoundly high.
The last 3 days of event. Beautiful alpha patterns in his brain where his energy was really high. What if we took his blood and subject it to Covid. Blood cells absorbed the covid from the first 3 days and was highly infected.
And take his blood sample that was frozen the last 3 days. Hardly any infection in the blood the last 3 days.

He couldn't react to his environment in the same way. His body was making particular immune factors.

Our feelings and thoughts of being in love with ourself will transform our blood.

EX: No more thoughts brewing of "I hate the traffic. The news. The politician. The weather. The person."

Less susceptible to the environment. News can happen around you, you don't have to be susceptible to it.

(If you are centered in love in your own spirit, you won't be affected by the out of control actions of others.)

We buy on emotional vibrations. You get sold emotions on commercials….
Advertisements, 1 out of 3 adults gets chicken pox. Show image of shingles/ It shocks you. Now you lean in with fear.

If you want to divide a community, choose fear or anger and you can separate anyone. This is happening day in and day out with our political scene.

No one wants to hear the truth. They want to hear something that is going to rock them emotionally. DRAMA!

What do I need to do to open up to love?
What does it mean to love myself and how do I do it?
How come I can't find the love that I want?
How do I manifest the partner of my dreams?
How can I have a deep, meaningful, heart-centered relationship?
Why am I having such a hard time losing my extra weight?
How can I change the habits that keep me from having the fit body, healthy mind, and prosperous life?
How can I have what everyone else who is successful has?
How can I change the damaged DNA in my body?
